Office of Life, Justice and Peace

Be Counted

The 2020 Census is fast approaching and parishes can play a key role in this important effort. The U.S. Constitution requires a complete count of the nation's population every 10 years. From congressional representation to the annual allocation of more than \$675 billion in federal funds census data impacts decisions at the national, state, tribal and local levels. These resources are essential to the well-being of all our neighbors supporting schools, hospitals, emergency services, and more. Help educate your parish community about forms. We want everyone living in the

United States to be counted once, and only once, and in the right place, including reaching hard to count members in the community. Parishes in communities that have historically been undercounted have the opportunity to help ensure that much needed and deserved federal funds reach them. As Catholics called to participation in our communities and federal programs promoting the dignity of life we must ensure that everyone is counted! For resources including bulletin items, social media posts, posters and other education materials, contact the office of Life, Justice and Peace director Jean Hill at jean.hill@dioslc.org.

Second Collection Next Weekend

Next weekend we shall take up a special collection for the Church in Central/Eastern Europe.

March Birthday Anniversaries

The signup sheet for the March monthly birthday anniversary is on the table at the back of the Church in the usual place.
